

Grade calculations

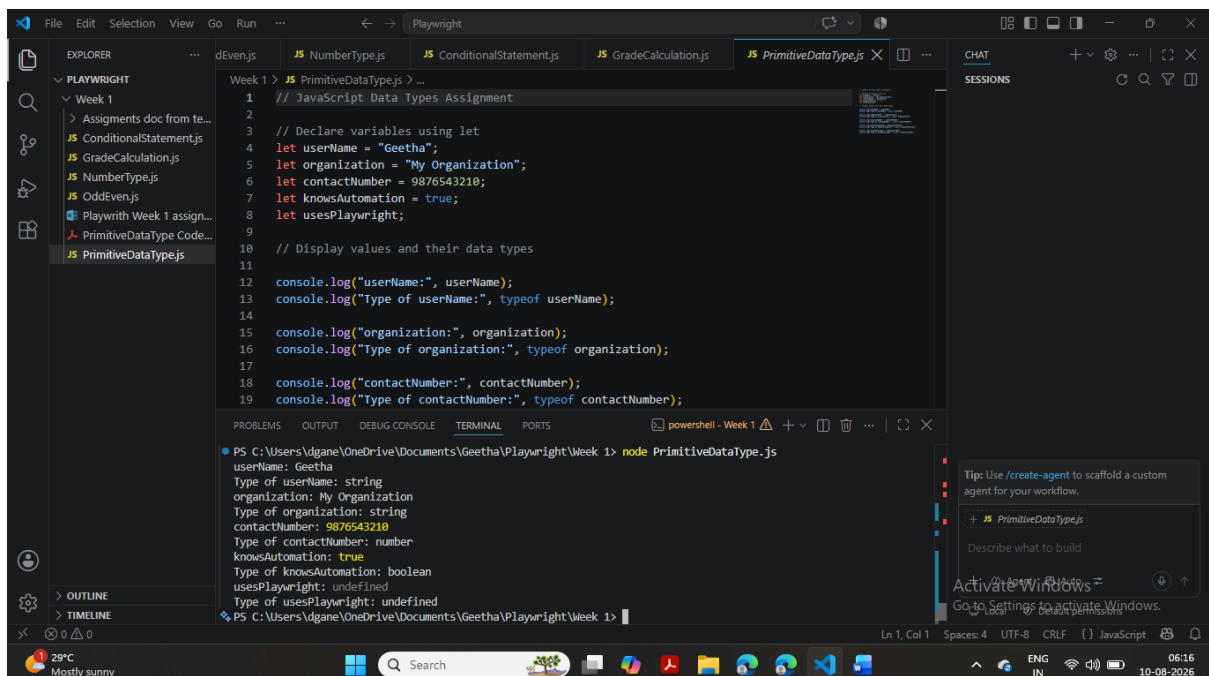

Changed the let number = different values to test the switch statement

The screenshot shows the VS Code editor with the file `GradeCalculation.js` open. The code defines a `getGrade(score)` function using a switch statement. The terminal output shows the results of running the script with different scores:

```
PS C:\Users\vdgane\OneDrive\Documents\Geetha\Playwright\Week 1> node GradeCalculation.js
Score: 85
Grade: B
PS C:\Users\vdgane\OneDrive\Documents\Geetha\Playwright\Week 1> node GradeCalculation.js
Score: 95
Grade: A
PS C:\Users\vdgane\OneDrive\Documents\Geetha\Playwright\Week 1> node GradeCalculation.js
Score: 75
Grade: C
PS C:\Users\vdgane\OneDrive\Documents\Geetha\Playwright\Week 1> node GradeCalculation.js
Score: 65
Grade: D
PS C:\Users\vdgane\OneDrive\Documents\Geetha\Playwright\Week 1> node GradeCalculation.js
Score: 45
Grade: F
```

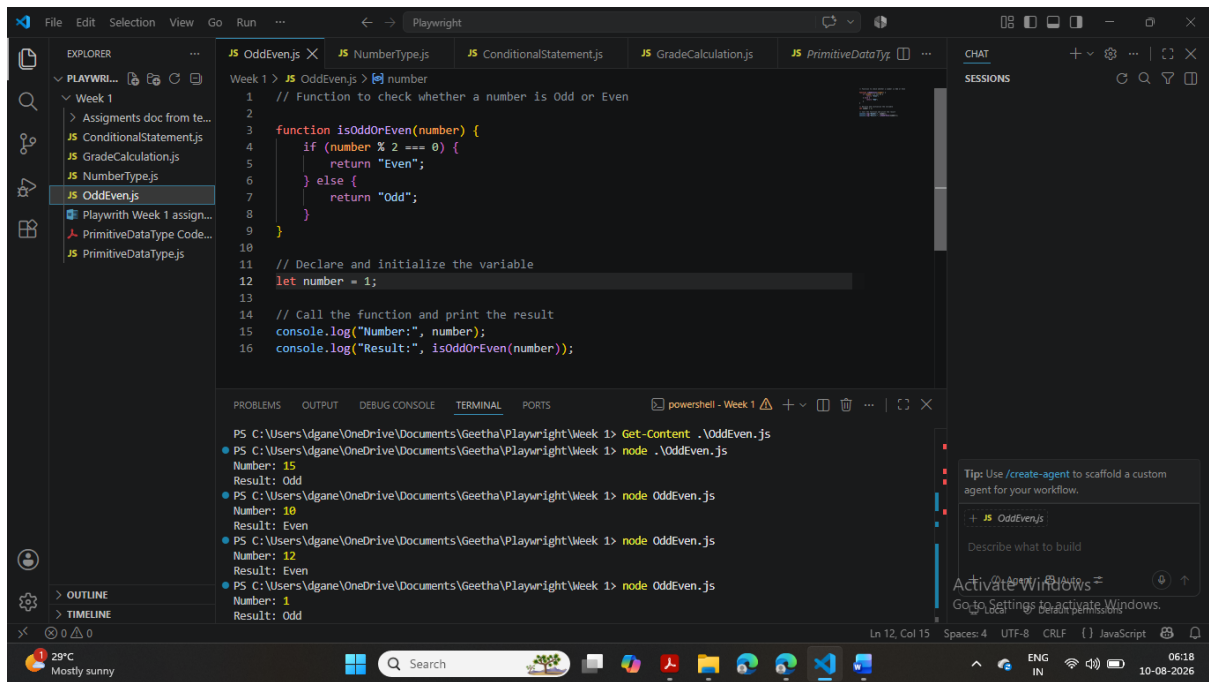

Primitive data type

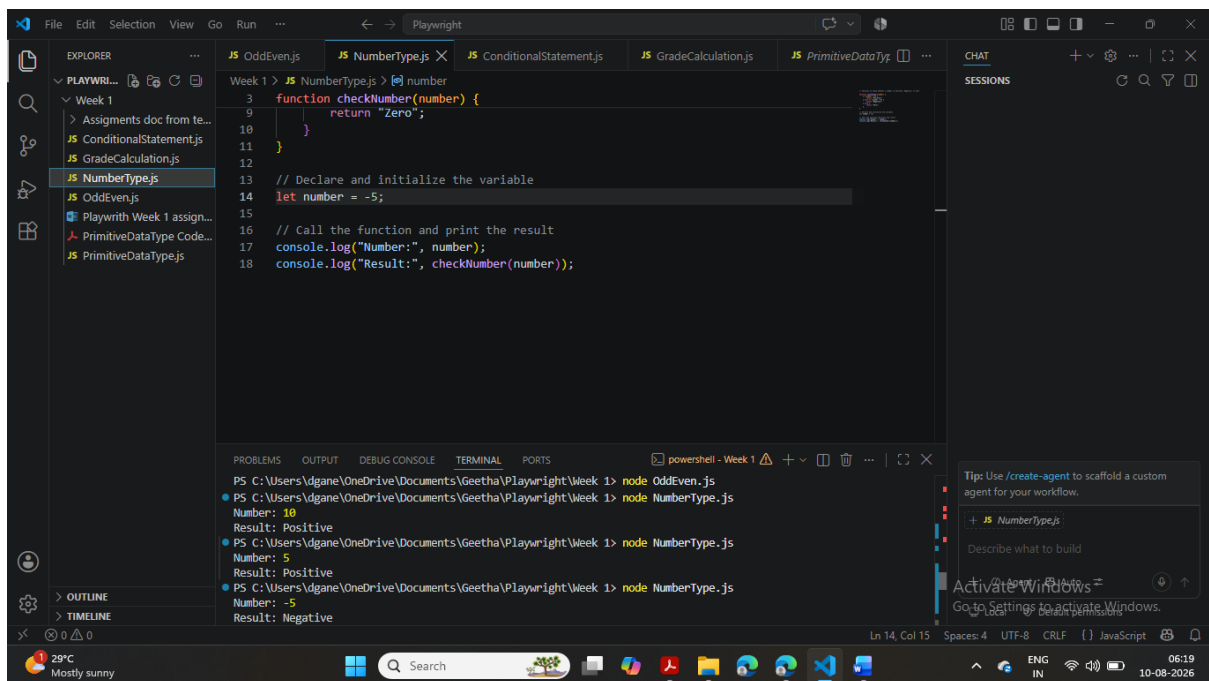

The screenshot shows the VS Code editor with the file `PrimitiveDataType.js` open. The code declares several variables using `let` and logs their values and types using `console.log`. The terminal output shows the results of running the script:

```
PS C:\Users\vdgane\OneDrive\Documents\Geetha\Playwright\Week 1> node PrimitiveDataType.js
userName: Geetha
Type of userName: string
organization: My Organization
Type of organization: string
contactNumber: 9876543210
Type of contactNumber: number
knowsAutomation: true
Type of knowsAutomation: boolean
usesPlaywright: undefined
Type of usesPlaywright: undefined
```

Oddeven

Number type

Conditional statements

Tried changing the value of list testtype and received same output
